Make your first impression a double take. The HP Spectre XT Pro is the Ultrabook™ designed for those who want style without sacrificing substance. It's sleek. It's thin. It's designed for wherever you're going —from the bistro to the boardroom.

HP Spectre XT Pro Ultrabook™

Standard features

- More than just thin air.

With its ultra thin, all-metal design, the HP Spectre XT Pro looks smart. As thin as 14.5 mm (.57 in) and starting at only 1.39 kg (3.07 lb), you'll be confident knowing you can carry less and do more.

- Design that turns heads. Performance that surprises them.

We gave this Ultrabook™ a solid-state drive and Intel® Rapid Start Technology so you can get going in seconds whenever inspiration strikes. Choose 128 GB SSD[2]. Outstanding reliability. Ready in seconds. Ready when you are.

- For those who want to be seen. And heard.

Thanks to built-in HP Beats Audio™ and four speakers, the HP Spectre XT Pro is designed for the best sounding, richest audio available on a PC. Small size. Big sound.

- Only from HP.

Keep working or playing even in dimly lit rooms or on red eye flights. The backlit keyboard is full-size so you don't compromise comfort. Backlit keyboard. Another bright idea.
